

# Joining a Zoom Session

Join Zoom when using an

1. Click the meeting invite link embedded in the email from the teacher to open or download the application. The invite link can also be found on the lesson web page.
2. In the Zoom pop-up window, click **Cancel**.
3. At the bottom of the page, click the **Join From your Browser** link.
4. In the pop-up window at the top-left corner of the screen, click **Allow** to allow Zoom permission for your microphone and camera.
5. In the **Your Name** field, enter a display name.
6. (Optional) Select the **Remember my name for future meetings** check box.
7. Click **Join**.  
You will join the meeting as a guest.

## Joining a Zoom session when using an iPad

With most browsers (Edge, Google, Chrome, Firefox etc) you can join a Zoom session by just clicking the Zoom link that we have provided. Apple devices use Apple's own browser (Safari). When joining a Zoom session using an Apple device such as an iPad you will be prompted to download a special Zoom app from the AppStore. Here is an excellent video demo that takes you through the process step by step:
